25X1A MEMORANDUM FOR : Chief, Security Branch, OSA
ATTENTION :
25X1A SUBJECT : Request For T-KH Clearance

25X1A 1. It is requested that action be taken to obtain a T-KH clearance
for who is currently cleared CORONA and ARGON. He is a
member of SETD at LMSC with the primary responsibility for photographic
evaluation and acceptance testing on the "L" system. is a
25X1A photographic engineer with considerable experience in the field of optics.

25X1A 2. Since has been debriefed on T-KH and replaced by
 this has left a gap in the LMSC photographic evaluation
team. primary job is data processing and computer applications.
25X1A While there is a requirement for his clearance under T-KH in coordinating
ephemeris and data block information with NPIC, he is not qualified to do
25X1A photographic evaluations in the manner in which performed this
job. was a qualified physicist as well as being versed in data
25X1A processing and computer applications.

25X1A 3. It is necessary that a minimum of two SETD members with appropriate
photographic analysis backgrounds have T-KH, due to the amount of travel
25X1A involved in returning to the east coast to participate in mission evaluations,
frequently at a time when activities on the west coast also demands the
presence of these SETD members. If was augmented by
25X1A assistance, it would be of great benefit to the program.
